TOWN COUNCIL NEWS

At the January 14th Town Council meeting, the Laguna Madre Water District (LMWD) presented information on a proposed desalination project bond. The Texas Parks and Wildlife grant update included exciting information on planned improvements to Roloff Park. A special election to fill the vacant Town Council seat will be held in mid-April, with the exact date pending confirmation from the Cameron County Election Office. Additionally, the Town is accepting applications for the City Manager position through January 22.

What's happening in LV

Officers are focusing on patrolling the city while at the same time conducting traffic enforcement through problematic areas such as Palm Blvd.

Electricity has been installed at the storage building used by public works as well as climate control for the days that the weather does not permit outside work, allowing them to work inside doing preventive maintenance and repairs to their equipment.

Walking trail solar light replacements have been ordered for Laguna Vista Walking Trail.

Although in its beginning stages, the Roloff Park grant, we are working with the equipment designer to make sure that the equipment we purchase has a long life focusing on the wear and tear due to the environment.
